

Your career is on track.

SAP Inhouse Consultant (SD,CS) (m/f/d)

Location St. Marienkirchen, Vienna

We detect and track trains in real-time and know exactly what is happening along the rail. For this, we use state-of-the-art technology and unique solutions for the global railway industry. Are you ready to shape the future with us?

Your main roles and responsibilities

Maintain and manage our ERP system (SAP S4/HANA) and be the contact for key users and business process owners

Act as an interface between users, external service providers and partners in the implementation of organisational procedures and processes in the ERP system

Analyse business processes within the organisation

Give support and advise in the implementation or renewal of applications

Improve ERP-supported business processes and implement the changes in close coordination with the specialist departments

Maintain the IT and process documentation

You are just right for this role if

you have completed an education in information technology or have already gained experience in SAP S4/HANA or R3

you already have experience in the modules Project System (PS), Production Planning (PP) and Material Management (MM)

you take initiative and high commitment for granted

you enjoy working independently and in a team

your structured way of working distinguish you

it is no problem for you to communicate both in German and English

We offer you

a secure job in an international environment

an agile and open corporate culture

the opportunities for personal development and further training

attractive social benefits such as free lunch, fruit and coffee, free childcare, numerous sports offer, company events and much more
