

**JOB OFFER**

# ELECTRICAL DESIGN ENGINEER (F/M/D)

**FULL TIME / YOUNG PROFESSIONAL**

Are you about to graduate (or did you already finish your studies) and fascinated by electrical engineering? Are you looking for a job with future prospects and are you interested in e-mobility? Do you prefer an environment in which you can learn from others and develop your skills? Then we look forward to getting to know you!

**YOUR TASKS**

- › You design 2D circuit diagrams as well as HV & LV cable harnesses in 2D and 3D
- › You are responsible for article management and component maintenance
- › You will prepare the corresponding production documents and documentation
- › You regularly coordinate with purchasing, production and suppliers
- › In your daily business you always consider relevant standards and regulators

**YOUR PROFILE**

- › Whether you have completed professional training, HTL, FH or university degree with focus on Electrical Engineering, Mechatronics or similar - you are very welcome!
- › Do you already have some work experience? – Excellent, but not a must!
- › Very good knowledge of German and English
- › You are inquisitive, technically versed and work independently
- › You are characterized by your team spirit, your reliability and your high level of initiative

**WE OFFER**

- › Extensive onboarding including buddy program
- › Familiar working environment, flat hierarchies and "you" culture
- › A job at Kreisel means movement instead of standing still and offers many opportunities for your personal and professional development
- › Numerous benefits such as a freshly cooked lunch every day, flexible working hours, a parking lot with free charging in front of the door or an in-house gym

You are interested in taking on this challenging, exciting and responsible task and would like to progress your career? If so, we look forward to receiving your application.

The law requires that a minimum salary is stated in job advertisements and that is why we do this. The minimum salary for this position is € 33.800,00 How much you actually earn will be agreed with you individually and depends on your skills and commitment.
